

GO4STAGE MOVING HEAD STROBE

960 LED Hybrid Strobe & RGB Backlight Fixture

Code: G4-LT-ST300

**preliminary*

PRODUCT DESCRIPTION

The Go4stage ST300 is a powerful hybrid LED strobe fixture combining intense white strobe output with integrated RGB backlight effects for creative stage and event lighting applications.

Featuring 96×3W white LEDs (5600K) and 864×0.3W RGB LEDs, the fixture delivers high-impact strobe effects together with dynamic coloured reflector illumination. Designed with an advanced cooling system using fins and fans, the ST300 ensures stable operation and efficient heat dissipation in demanding environments.

With DMX512 and RDM support, multiple channel modes, smooth linear dimming and a wide 120° beam angle, the fixture is ideal for concerts, clubs, touring productions, festivals and stage installations.
