

GO4STAGE WASH MOVING HEAD 7 x 40

4.5°–45° motorised zoom wash fixture with RDM and Art-Net support

Code: G4-LT-WA280

**preliminary*

PRODUCT DESCRIPTION

The Go4stage WA280 is a compact and powerful LED zoom moving head designed for clubs, touring, live events and installation environments.

Equipped with 7x40W RGBW LEDs and a fast motorised zoom system ranging from 4.5° to 45°, the fixture delivers smooth beam transitions from tight aerial effects to wide wash coverage.

Its silent zoom operation, advanced cooling system and support for DMX, RDM and Art-Net make it suitable for professional lighting applications requiring flexibility, speed and reliability.

TECHNICAL SPECIFICATIONS

• LIGHT SOURCE

LEDs: 7x40W RGBW 4-in-1
LED lifespan: 50,000 hours
CCT range: 2800K–8500K

• OPTICS

Beam angle: 4.5°–45°
Motorised zoom
Silent zoom motor
Stable beam output without shaking

• EFFECTS

Electronic dimmer: 0–100% (16-bit)
Strobe: 1–20Hz

• MOVEMENT

Pan: 540°
Tilt: 270°

• COLOUR SYSTEM

RGBW 4-in-1 colour mixing
Smooth colour mixing and transitions
Variable colour macros
Adjustable colour temperature: 2800K–8500K

• CONTROL

DMX512
RDM
Art-Net
Auto mode
Sound active mode
Channels: 11CH / 17CH

• ELECTRICAL

Voltage: 100–240V AC, 50/60Hz
Power consumption: 350W
Current draw: 2.5A

• ENVIRONMENT

Operating temperature: 0–40°C
IP rating: IP20

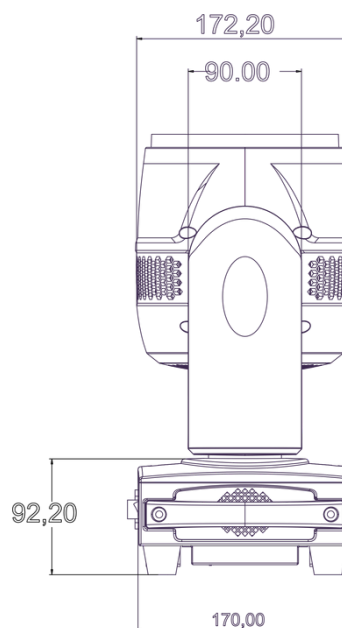

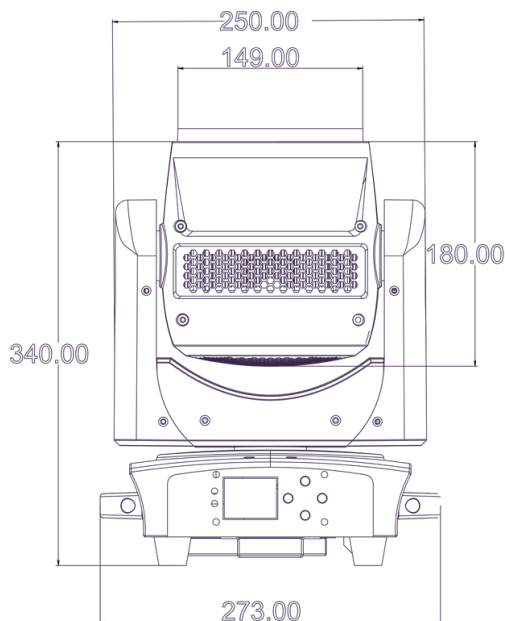

• PHYSICAL

Product weight: 6.2kg
Inner carton weight: 6.5kg
IP20

• CONNECTIONS

powerCON TRUE IN/OUT
Signal XLR 5p IN/OUT

• DIMENSIONS

• BOX CONTENT

- 1 × GO4STAGE WASH MOVING HEAD 7 x 40
- Power cable
- User manual
- DMX cabel
- Omega bracket / suspender
